PAUL R. KIESEL

EXHIBIT B

Declaration of John T. Boundas

1. My name is John T. Boundas. I am over the age of 18 years, I am of sound mind, in all respects legally competent to make this declaration, and I have personal knowledge of the statements made herein. I am an attorney duly licensed in, and in good standing with, the States of Texas, Pennsylvania and Illinois.

2. I submit this Declaration pursuant to PTO 103, in support of my application to the Plaintiffs' Steering Committee and as Co-Lead Counsel for Governmental Entities.

3. I am a partner with the law firm of Williams, Kherkher, Hart and Boundas, LLP, based in Houston, Texas. To briefly summarize my professional experience: I graduated first in my class from the University of Iowa College of Law in 1995. Following law school (after an internship with the U.S. Department of Justice), I clerked for the Honorable Milton I. Shadur in the U.S. District Court for the Northern District of Illinois, in Chicago. I then joined the law firm of Fulbright and Jaworski, LLP, where I worked on a wide variety of cases until 2001, when I left to join my current firm.

4. Since late 2001, I have spent the majority of my time representing individuals injured by prescription drugs. Our firm has represented thousands of clients in cases against many of the biggest names in corporate America (Phillip Morris, BP, Wyeth, Merck, and GlaxoSmithKline to name a few). For example, our firm, with others, successfully represented the State of Texas in its lawsuit against the tobacco industry.

5. We have been a leader in holding pharmaceutical companies accountable when they injure consumers, and we have handled literally thousands of cases against prescription drug manufacturers across the country. We actively litigate and try these cases. For example, our attorneys have tried over a dozen pharmaceutical cases in the past several years. Our firm has extensive experience handling cases against pharmaceutical companies and we have been a leading law firm in many nationwide mass tort litigations, including Fen-phen (where I believe our firm tried more cases than any firm in the country), Vioxx and other litigations.

6. My firm, along with others, has been retained by the County of Santa Clara, California to assist in prosecuting on the County's behalf, and on behalf of the people of the State of California, claims against GlaxoSmithKline for its false and deceptive marketing of Avandia. Therefore, I am requesting appointment to the PSC in order to assist in the litigation and in particular on the issues that are unique to our case. I believe that my and my firm's reputation for having the resources, expertise, experience and determination to litigate and try cases, will contribute substantially to the overall effort in the Avandia litigation.
